ABOUT THE NASL

The North American Soccer League (NASL) strives to compete at a world-class level in the global soccer economy having been established in the United States and Canada since 2011.

NASL clubs play a split season format from April through June and July through November, and in 2014, the NASL will be the only U.S. professional league observe a month long break to avoid a conflict with the FIFA World Cup in Brazil.

The NASL will feature a new-look postseason format in 2014 as four clubs qualify to play in 'The Championship' that will decide which of the league's clubs lifts the NASL Soccer Bowl trophy. As a component of long term competition planning, the NASL Spring Season and Fall

Season champions will be joined in the semi finals of The Championship by the two clubs with the next best overall records from both seasons combined. The semi final winners will compete in The Championship final for the NASL Soccer Bowl trophy.

In 2013, the Spring Season champion Atlanta Silverbacks hosted the Fall Season champion New York Cosmos in NASL Soccer Bowl 2013. The Cosmos triumphed 1-0 to capture the club's first league championship in 31 years.

Seven clubs concluded a thrilling 2013 Spring Season on the Fourth of July in the most dramatic fashion. An unprecedented three teams – Atlanta Silverbacks, Carolina RailHawks and San

Antonio Scorpions – were all in contention to top the spring season standings on the final day of action, underlining the fact that 'every match matters' in the NASL.

In 2014, Indy Eleven and Ottawa Fury FC join the 10-club NASL single table structure and in 2015, Jacksonville Armada FC, Virginia Cavalry FC and Oklahoma City will be the newest expansion clubs. Further expansion is planned in future years towards a target of 18 clubs across the continent.

American NASL clubs enter the historic Lamar Hunt U.S. Open Cup, while NASL clubs from north of the border participate in the Amway Canadian Championship. In 2013 the Carolina RailHawks enjoyed a thrilling cup run to the quarterfinals of the U.S. Open Cup.

Approximately 200 soccer players are currently on NASL team rosters, and many have experience playing in Europe and Latin America's top divisions, as well as at the national team level, while others are navigating the early stages of their professional careers.

COMMISSIONER

Bill Peterson has spent more than 20 years growing and directing companies for some of the world's leaders in sports, entertainment, events, and hospitality on an international scale.

Peterson worked with the National Football League's European operation for almost 10 years, the last two as Managing Director and then President. A former vice president with Anschutz Entertainment Group in Los Angeles, Peterson drove its Sports Division, which managed everything from the David Beckham Academy to corporate-sponsored cycling, track and field and tennis events.

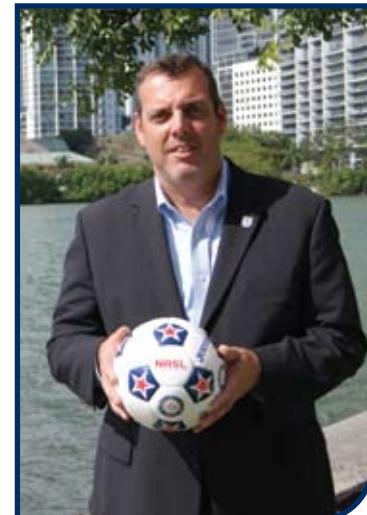

He helped oversee the management of numerous MLS teams and the development of soccer-specific stadiums across the country. As Managing Director of the Home Depot Center he spearheaded the construction of the nation's only 250-meter, indoor velodrome.

The Florida resident was named Commissioner of the North American Soccer League on November 27, 2012.

Under his tenure the NASL has mirrored the style of other professional soccer leagues around the world by retaining a single table structure in 2013 that will also feature for the 2014 season when teams will observe a month long break to avoid a conflict with the FIFA World Cup.

As President of USA Cycling's Board of Directors, Peterson was an integral part of the initial development of the Tour of California and served as the point person for two UCI Track Cycling World Championships. He continues to serve as Chairman of the USA Cycling Professional Committee Representative.

Peterson provided advisory and event services to a variety of clients in Canada and the United States through his own

firm Solve4 and served briefly as COO of the United Football League. He was the Executive Vice President of Centerplate, the North American market leader for managing food and beverage, retail, restaurant, and events in sports facilities, convention centers, and entertainment complexes.

Peterson earned his Bachelor of Science in health, physical education and recreation from Lock Haven University in Pennsylvania. He has also served on advisory boards for: the Los Angeles Sports Commission, LA Triathlon, Long Beach Convention and Visitors Board, California State University, Dominguez Hills Education and the Board of Governors for Major League Soccer. He has been married for 13 years to his wife Lisa and they have two daughters.

BOARD OF GOVERNORS

The NASL is owned and operated by its member teams through the Board of Governors, which consists of a representative of each member team and is chaired by Aaron Davidson, President of Traffic Sports USA. The Board oversees the League rules and regulations and governs the expansion and commercial strategy of the League. The Board also oversees the functions of the league office.

Aaron Davidson is a sports business executive and attorney with extensive experience in the commercial and legal aspects of the global sports and entertainment industry. He played integral roles in starting up and operating billion-dollar sports media company Pan-American Sports Network (PSN) and the Latin American/Caribbean PGA Tour (Tour de las Americas – TLA).

Traffic Sports USA is responsible for developing, selling and marketing top professional soccer events with a special focus on the US Hispanic, Latin American and Caribbean markets.

COMPETITION FORMAT

RULES & REGULATIONS

Structure: The NASL Season is comprised of the Spring Tournament and the Fall Tournament. The tournament winners (Spring & Fall) will each host a semifinal of the new postseason competition called ‘The Championship,’ with the number one seed awarded to whichever of the Spring or Fall champions posts better combined regular season record. The number three and number four seeds will be awarded to the next two clubs with the best overall records from both seasons combined with each of the clubs retaining their seeding throughout the postseason. If the same club wins both seasons, the clubs with the second, third and fourth best overall records from both seasons combined will qualify for The Championship. The top-seeded semi final winner will host The Championship final.

Schedule: In the Spring 2014, 10 teams will play a nine-game schedule, with each one playing each other. Following a month long break to avoid a conflict with the FIFA World Cup, the Fall season will have each team playing an 18-game schedule (play each club home-and-away).

Point System: Teams receive three points for a win, one point for a tie and zero points for a loss.

Referees: All referees for NASL matches played in the United States are nationally certified referees assigned by the Professional Referee Organization (PRO), while the Canadian Soccer Association (CSA) assigns referees for all matches played in Canada.

Game Clock: The official game time for all NASL games will be managed on

the field by the referee. If necessary, the referee may also allot extra time (a.k.a. ‘stoppage time; additional time’) at the end of each period (first half, second half, and if applicable, first overtime period and second overtime period during playoff games). The stadium clock will display the time from 0:00 to 45:00 and from 45:00 to 90:00 (plus stoppage time where applicable in each half). For statistical purposes, the minutes for goals, substitutions, yellow cards, etc., will be listed from the first minute until the 90th minute. A goal scored at 15 minutes 10 seconds will be listed as having been scored in the 16th minute.

Team Rosters: During the Season, each Team’s Master Roster shall be no less than 20 Players and no more than 35 total Players. Players can compete on a maximum of TWO (2) Teams per Season.

Active Roster and Inactive Roster: At no time may any Team name more than 30 eligible Players on its Active Roster. Only Players listed on an Active Roster are eligible to play in any League Game. Once a Player is listed on a Team’s Inactive Roster, that Player must remain on the Inactive Roster for at least 30 days. In order for a Team to change a Player from the Active Roster to the Inactive Roster or vice versa, the Team must notify the Registrar, in writing, at least 48 hours prior to the League Game for which the Team intends for such change to take effect. The League Office will make the final determination on whether Players are on the Active Roster or Inactive Roster for any Game.

Domestic Players: A domestic Player for Teams domiciled in the United States is either a U.S. citizen, a permanent resident (green card holder) or the holder of other special status (e.g., refugee or asylum status). A domestic Player for Teams domiciled in Canada is either a Canadian citizen, a permanent resident, a holder of a landed immigrant or a Player who qualifies as a domestic Player in the United States.

International Players: Each team may list up to 7 non-domestic players on its master roster.

Game Day Rosters: Each team may nominate 18 players from its Active Roster for a game day roster. Teams are allowed three substitutions per game.

Cautions and Suspensions: A player will be suspended for one game upon receiving his fifth yellow card – regardless of the nature of the infraction which resulted in his being awarded the yellow card. After a player has accumulated five yellow cards, he will earn an additional one-game suspension for each additional three yellow cards he accumulates. A player receiving two yellow cards in the same game will be suspended for the next game; however for the purposes of accumulated yellow cards he will be considered to have received just one red card. A player receiving a direct red card will automatically be suspended for the next game, and the NASL Disciplinary Committee has the power to suspend him for additional games depending upon the severity of the offense which led to the red card issued by the referee.

Card Suspensions: Red card and yellow card accumulation suspensions earned in regular season games will be served in that player’s next regular season game. Any suspension for yellow card accumulation earned in a player’s last regular season game will carry over into that season’s first playoff game for his team. Any player who receives a red card in his team’s last game of the season (NASL regular season match or during playoff games), will serve the one-game suspension during their next game (whether it comes during a playoff game, championship series game, or in the first regular season game of the following season). All card suspensions will, if necessary, follow a player to a new team.

Suspension Manipulation: Players suspended from NASL games (regular season and playoff games) that are called in for national team duty will have their suspensions held in abeyance until they return to their NASL team. Teams will be responsible for informing the League Office of a player’s selection to national team duty. Failure to provide the League Office with such notice or to withhold the use of a suspended player when appropriate is subject to sanctions.

RULES & REGULATIONS (CONTINUED)

League Standings: The Team awarded the highest position in the League Standings will be the Team with the greatest number of Points at the conclusion of the relevant Season. In the event that two or more Teams have an equal number of points, the following system will be used to determine rank in the League Standings:

- 1) The highest position shall be awarded to the team with the greater goal difference against all other teams during the regular season (goal differential).
- 2) The highest position shall be awarded to the team scoring the greatest number of total goals against all other teams during the regular season (total goals).
- 3) The highest position shall be awarded to the team with the best win/tie/loss record in regular season games against all other teams equal in points (head-to-head competition).
- 4) The procedures described in this section shall be applied only to games played on the road by each team against all other teams during the regular season. With the first tiebreaker being 'Away goal difference' and to be followed by 'Away goals scored'

Soccer Bowl Trophy: The winner of 'The Championship' shall be the Season Champion and receive the NASL Soccer Bowl Trophy.

LEAGUE BALL & SILVERWARE

NASL OFFICIAL MATCH BALL

On January 17, 2014, the NASL announced a partnership with VOIT that will include the sporting goods manufacturer providing official NASL-branded match balls for matches and events. The custom ball incorporates the stars of the original iconic NASL ball, which represents the evolution of the branding of the NASL from 1968 through 2013. VOIT adds the NASL to its impressive soccer portfolio having been the official ball provider to the Mexican Liga MX since 1987. VOIT has a presence in 15 countries worldwide, manufacturing goods for soccer, basketball, volleyball, swimming and fitness.

THE SOCCER BOWL

The *Soccer Bowl* trophy, named to honor the heritage of the earlier NASL, is awarded each year to the winner of The Championship, a four-team competition played at the conclusion of the combined NASL seasons. The *Soccer Bowl* trophy was crafted in England and designed by 343RLP+ Creative. Each year the NASL Champions have their team name engraved on the *Soccer Bowl* trophy.

SPRING AND FALL CHAMPIONSHIP TROPHIES

Awarded to the winners of the Spring and Fall Championships, the trophies were custom made in England and designed by 343RLP+ Creative, the same team behind the *Soccer Bowl* trophy and the NASL league branding.

2014 OUTLOOK

After an exciting and landmark achievements in 2013 that included the NASL becoming the first men's professional soccer league in 84 years to crown two split season winners (Atlanta Silverbacks - Spring, New York Cosmos - Fall) in a single year; an increase in league attendance of 30 percent; Carolina RailHawks, Tampa Bay Rowdies eliminating MLS opposition during the Lamar Hunt U.S. Open Cup; and witnessing the returning Cosmos lifting the Soccer Bowl trophy for first time in more than three decades; the NASL looks to continue its success going into 2014.

This year will once again feature a split season as the Spring will have a shortened nine-game schedule, to allow for mid-season break to align with the 2014 FIFA World Cup, and with 18 match dates set for the Fall campaign. The NASL becomes the only United States men's professional soccer league not to compete during the FIFA event.

"During the course of building our league we will inevitably face scheduling challenges, but the decision to remain true to the global soccer standard of not playing during the World Cup and each team playing each other an equal number of times during the season demonstrates the vision and conviction of our owners," said NASL Commissioner Bill Peterson. "We believe there will be a great momentum and interest in soccer across North America when our Fall Season kicks off following the FIFA World Cup."

Along with two seasons the NASL will also feature a new-look postseason format for 2014 as four clubs qualify to play in 'The Championship' that will decide which of the league's teams wins the third oldest professional soccer prize in the U.S., the Soccer Bowl trophy.

The NASL Spring and Fall Season champions will be joined in the semifinals of 'The Championship' by the two clubs with the next best overall records from both seasons combined. The semifinal winners will then compete in 'The Championship' final.

"I am fully in favor of this championship format," said Eric Wynalda, Silverbacks Technical Director. "It is going to ensure that teams continue to play at the highest level possible throughout the entire season, and I think it is the optimal way to crown a NASL champion."

Along with a new postseason event, the league welcomes the addition of Indy Eleven and Ottawa Fury FC who both are eager to compete in 2014. Indy Eleven has already 7,000 confirmed season ticket holders for their inaugural season which includes an excepted sold out crowd in their home opener at IU Michael A. Carroll Soccer Stadium in Indianapolis.

Former U.S. National Team Goalkeeper Juergen Sommer is at the helm of Indy Eleven and commented on the upcoming club's first season: "Our expectations are simple - to be very competitive and put a good product on the field. We want to provide entertainment for the fans and put ourselves in a position to really showcase ourselves in the spring season."

Meanwhile, Fury FC, who's the second Canadian side in the NASL this year, is set to play its home encounters at the newly constructed 24,000-seat stadium - TD Place in Ottawa for the 2014 Fall Campaign.

"2014 will be an exciting season for Fury FC as we begin play in the NASL," add Marc Dos Santos, Fury FC coach. "While we are an expansion club, we feel that we have put together a squad that contains players that possess the experience, talent, passion and intensity necessary to make Fury FC a competitive team from the start."

With the addition of Indy and Ottawa, the NASL moves to 10 teams for the first time since the league re-launched three years ago.

"I think it's an exciting time for the league, we've got Ottawa and Indy coming in and they look like outstanding organizations, they've done a great job on the front office side and they're revving it up on the team side," said Minnesota United FC coach Manny Lagos, who is one of only two coaches with the same NASL club since 2011. "I think that kind of excitement from two great new markets coming into the league is only going to add to the product and the challenges that we have and we're looking forward to them."

The defending NASL champion Cosmos concluded last season with an 11-game unbeaten streak and are looking to once again repeat as league winners in 2014 as they are also only team in the history of the NASL to achieve back-to-back titles as they did the 'Golden Era.'

"We are looking forward to the 2014 NASL season," said Cosmos coach Giovanni Savarese. "It is a new year with new possibilities. We understand we needed to improve in some areas and were able to do so, bringing in some players that would improve us."

Standing in the Cosmos way are several teams each with the opportunity of lifting the 22nd edition of the league's championship.

United and Rowdies are previous winners in 2011, and 2013, respectively and both aim to once again reach the top of the NASL mountain.

"We've certainly done a lot of work in the offseason and we're excited to get at it," Lagos added. "We really feel like we had a nice core

from last year that we kept and we're really trying to add pieces that make us better, like a lot of teams are, and we're really excited about those pieces that we've added; both some young players and older players."

Another coach who's also with his original team since 2011, Rowdies' Ricky Hill commented: "We have a number of new talented players and whoever is in the Starting XI should work even harder knowing that we have several guys on the bench who are eager to show their skills on the pitch. It's great to have a balance that we've not had in the past and this will allow us to play both wings more comfortably than we have in recent seasons."

The Silverbacks and RailHawks, both of whom came up short from winning last year's Soccer Bowl, head into 2014 with also having something to prove.

After claiming the 2013 Spring crown, Atlanta were unable to obtain the 'double' (Fall title) and then suffered a heartbreaking 1-0 home loss to the Cosmos for the NASL Soccer Bowl in front of a record crowd for the modern era (7,211).

"Well, we anticipated having some player turnover, so I think anytime that you go through the process of scouting and finding new players to help your team, it's going to take time," said Wynalda, who once again takes over the coaching duties for Silverbacks. "It can be difficult, but this offseason has gone surprisingly well in terms of identifying new players that we believe will strengthen our squad."

The RailHawks missed out on both season crowns but finished with the best overall record to once again claim the Woonsocket Cup. The first NASL team to reach the quarterfinals of the Lamar Hunt U.S. Open Cup, Carolina concluded 2013 with a 16-game home unbeaten streak under the helm of Colin Clarke, who's currently the all-time leader in coaching victories since the league's re-launchment.

Clarke commented: "Our home record was phenomenal and we want to continue that and to excite our fans by winning games and scoring goals."

Along with the newest clubs (Indy, Ottawa), three other teams – Fort Lauderdale Strikers, FC Edmonton, and San Antonio Scorpions – also aim to capture the NASL title for the first time in their club's history.

After disappointing Spring Season last year, the Strikers ended the Fall Campaign strong under new coach, Gunter Kronsteiner, and now look to challenge for the top spot in the league.

"When I see what all the teams in the league have done in the off-season, it makes me think that the league will be much stronger," said Kronsteiner. "So for us it means we have to work hard and we have to get the right players in place; we're still working on this. If everyone did their homework then we'll be in good shape and leave our little footprint on this league."

Another squad that wants to continue leaving a strong mark as they did in 2013 is FC Edmonton which had the NASL best defense at 1.00 GAA (Goals Against Average).

Edmonton also looks change its fortune from turning last year's league-leading 12 draws to victories in 2014.

"The new guys have settled in very quickly and we can already see the quality of the team go above what we had last year," said FC Edmonton coach Colin Miller. "It's an exciting time to be an FC Edmonton player and an even more exciting time to be an FC Edmonton fan."

After a see-saw 2013, the Scorpions want to rebuild from last year, under the direction of Alen Marcina, to have a team that fits its standards.

Marcina commented: "We are utilizing all the resources this great city provides to assemble a squad built to succeed as well as play the type of fluid, attacking, and attractive soccer our fans and city can be proud of."

With the most number teams competing in the NASL since 1983 and with 'The Championship' as the Postseason format, the league looks at 2014 as not just another successful year but a component of long term competition. In 2015, the addition of expansion teams - Jacksonville Armada FC and Virginia Cavalry FC - gives the NASL to 12 clubs and becomes the third league in U.S. Soccer History to achieve that feat in just five seasons.

"We have a vision for how we want to be structured when we reach 18 clubs," Peterson adds. "The Championship is an integral part of that vision and the fan feedback we received overwhelmingly supported the decision. The already fierce competition in NASL just got tougher."

The Atlanta Silverbacks are aiming to finish what they started after the 2013 Season saw them capture the Spring Season championship, but struggle in the second half of the campaign, finishing seventh in the Fall Season before losing 1-0 to New York Cosmos in NASL Soccer Bowl 2013.

Along with offseason player changes to the roster, technical director Eric Wynalda returns to take full control of the Silverbacks helm for the 2014 campaign.

"Well, we anticipated having some player turnover, so I think anytime that you go through the process of scouting and finding new players to help your team, it's going to take time," said Wynalda. "It can be difficult, but this offseason has gone surprisingly well in terms of identifying new players that we believe will strengthen our squad.

"There is a core group of guys returning in key positions, and complimenting them are some really good signings – specifically (midfielder) Blair Gavin, (Ghana forward) Kwadwo Poku and (Honduran midfielder) Junior Sandoval. Being able to add players like that to our core group was fantastic."

Despite missing out on the Spring and Fall championships, the Carolina RailHawks finished with the best overall record from the combined two seasons posting a 12-7-2 to capture the NASL regular season points title for the second time in the club's history.

With several key player losses during the offseason, the RailHawks, who were the first NASL team to reach the quarterfinals Lamar Hunt U.S. Open Cup last year, will be looking for redemption going into 2014.

The squad under coach Colin Clarke will use their momentum from 2013 that sparked a 16-game unbeaten streak at their home field of WakeMed Soccer Park.

"Our home record was phenomenal and we want to continue that and to excite our fans by winning games and scoring goals," Clarke commented. "I'm excited with the roster that we have and the players we have brought in. We've had some roster turn over since last year, but that is expected. We are going to continue to play our style."

As the team with the best defensive record during the combined Spring and Fall 2013 campaigns posting a 1.00 GAA (Goals Against Average), FC Edmonton aims to continue to be strong on the backline and improve offensively in turning draws into victories.

The Eddies posted three wins in their last 13 encounters, which included seven draws, and the club's three losses were by a single goal to close out 2013.

Under the direction of coach Colin Miller, FC Edmonton aspires to be a contender in 2014 for not just the NASL crown but also the Amway Canadian Championship.

"The guys have been a credit to the program we set up in the offseason," said Miller. "The new guys have settled in very quickly and we can already see the quality of the team go above what we had last year."

"It's an exciting time to be an FC Edmonton player and an even more exciting time to be an FC Edmonton fan."

Despite a disappointing end to the Spring campaign, the Fort Lauderdale Strikers concluded 2013 with a strong Fall season showing with a revamped squad that included new coach Gunter Kronsteiner. With a core of veterans returning along with several offseason new signings such as midfielder Shawn Chin and former German Bundesliga goalkeeper Oka Nikolov, Kronsteiner aims to assemble a Strikers side that will compete for honors.

"When I see what all the teams in the league have done in the off- season, it makes me think that the league will be much stronger," said Kronsteiner. "So everybody has to be really prepared, they have to have the right players in the right positions to really compete in the league."

It's definitely the best NASL league since its existence. "So for us it means we have to work hard and we have to get the right players in place. If everyone did their homework then we'll be in good shape and leave our footprint on this league."

Launched in January 2013, Indy Eleven will be making its NASL debut in 2014. It adopted its official name on April 25, 2013 during a ceremony held at the iconic Soldiers and Sailors Monument - 152 years to the day of the initial enlistment of the 11th Indiana Regiment during the Civil War.

Following the appointment of the club's first coach and former U.S. national team goalkeeper Juergen Sommer, Indy Eleven has added to its rookie squad a blend of international experience players that includes first 2002 World Cup Champion, midfielder Kleberson of Brazil. Kleberson, who also played with Manchester United, will be joined by Honduran connection of midfielder Walter Ramirez and defender Erick Norales as well as fellow Brazilian striker Pedro Mendes.

"Our expectations are simple - to be very competitive and put a good product on the field," said Sommer. "We want to provide entertainment for the fans and put ourselves in a position to really showcase ourselves in the spring season. Thanks to the ownership and leadership of the organization we'll be able to put together an exciting and dynamic group of players out there. It should be fun."

Manny Lagos, who is one of only two coaches that has been at the helm of the same team since the revamp of the NASL in 2011, aims to once again lead Minnesota United FC to the league championship that they last won three years ago.

United's offense attack will feature the return of the league's all-time goals scoring leader (45), since the NASL re-launch, the Brazilian forward Pablo Campos.

Joining Campos will be three other countrymen that will bring a Samba flavor to the 'Land of 1,000 Lakes' with returning defender Cristiano Dias and the newest additions of defender Tiago Calvano and midfielder Juliano Vicentini.

"We've certainly done a lot of work in the offseason and we're excited to get at it," Lagos said. "We really feel like we had a nice core from last year that we kept and we're really trying to add pieces that make us better, like a lot of teams are, and we're really excited about those pieces that we've added; both some young players and older players."

The New York Cosmos concluded their historic return to the NASL by not only winning the 2013 Fall Season title but also capturing their first Soccer Bowl in 31 years.

Under head coach Giovanni Savarese, the Cosmos renewed and started up new rivalries on ended the regular season with an 11-game unbeaten streak, two shy of the overall league record in modern era. This year's squad has three quarters of its championship team returning among them: midfielders Marcos Senna of Spanish, U.S. international Danny Szetela and Venezuelan forward Diomar Diaz. The Cosmos will also welcome Dutch striker Hans Denissen, a key offseason acquisition.

"We are looking forward to the 2014 NASL season," said Savarese. "It is a new year with new possibilities. We understand we needed to improve in some areas and were able to do so, bringing in some players that would improve us."

For the first time since 2011, a second Canadian club will compete in the NASL as the Ottawa Fury FC takes the field in 2014.

Founded in 2011, Fury FC will not only have the opportunity to shine in its inaugural season in the league but will be the second NASL team to compete in the nation's Amway Canadian Championship.

Fury FC have brought in Marc Dos Santos to handle the coaching duties as the club plays its home matches in two venues this year, opening the Spring Season at the Carleton University's Keith Harris Stadium before competing at the newly constructed TD Place for the Fall campaign.

"2014 will be an exciting season for Fury FC as we begin play in the NASL," said Dos Santos. "While we are an expansion club, we feel that we have put together a squad that contains players that possess the experience, talent, passion and intensity necessary to make Fury FC a competitive team from the start."

The San Antonio Scorpions look to rebuild from their up and down 2013 campaign saw them just miss out on the Spring title by a single point on the last match day, however they struggled in the Fall Season which in which they lost nine of the 10 matches by a single goal.

Alen Marcina, who took over the coaching duties early last Fall, looks to assemble a squad of players that not only meets the team's goals, but also the standards the fans and city expect.

Despite the loss of several players during offseason, the Scorpions added a few key acquisitions to spark their upcoming 2014 Season to join the squad's returnees such as Polish striker Tomaz Zahorski, who notched nine goals for San Antonio in 2013 and the team's assist leader midfielder Javier Saavedra of Mexico.

"We have the great fortune of playing in a fantastic city, with ardent supporters, for a hands-on passionate owner, and under the banner of Soccer for a Cause in a community that fully embraces us," said Marcina. "We are utilizing all the resources this great city provides to assemble a squad built to succeed as well as play the type of fluid, attacking, and attractive soccer our fans and city can be proud of."

In 2014, coach Ricky Hill wants the Tampa Bay Rowdies, which had the second-best overall record from the combined two seasons last year, to once again claim the NASL title won in 2012.

Hill's squad wants to build on the Rowdies' league run in 2013, which also saw them impress in the Lamar Hunt U.S. Open Cup, where they eliminated the three-time winners Seattle Sounders FC of MLS to reach the 'Round-of-16.'

The Rowdies will be led by last year's league MVP and the team's top goal scorer Georgi Hristov. The Bulgarian striker will be paired up front with Rowdies' first offseason acquisition and the 2013 NASL Golden Boot Winner, forward Brian Shriver.

"We have a number of new talented players and whoever is in the Starting XI should work even harder knowing that we have several guys on the bench who are eager to show their skills on the pitch," said Hill, who is one of only two coaches still with his original team since the revamp of the NASL in 2011. "It's great to have a balance that we've not had in the past and this will allow us to play both wings more comfortably than we have in recent seasons."

MEDIA INFORMATION

NASL MEDIA REGULATIONS

NASL PR (League Communications) and Team PR (Public Relations staff) must ensure that all working conditions are harmonious and a balance is struck between the needs of the media (as representatives of the fans and the public) and the need of the clubs.

It is the duty of the Public Relations directors of the teams in the North American Soccer League to adhere to the following guidelines.

1. MEDIA CONTACT LIST

All Team PR departments will be required to submit the names and contact information for the local media that covers their team.

NASL Communications will provide a template in Excel format that must be filled out and returned to the League Office before the start of the season. New media contacts can and should be advised during the course of the season.

2. DISTRIBUTION OF INFORMATION

2.1 News Releases: Each Team must provide local media with regular (weekly) updates about the Team no later than the Wednesday morning before a weekend game. The news releases should include, but not be limited to: results, practice schedules, injury reports, Team and individual Player news, quotes, broadcast details, stats, player tweets, social media information.

All news releases regarding Player transactions or roster changes/updates require League Office approval. Such releases should be sent to the following addresses before given permission to be announced: mpreston@nsl.com.

2.2 Game Notes: Teams will provide games notes to media on the day of a match so as to provide media members a background and relevant information regarding the upcoming match.

2.3 Photographs: The home team is responsible for providing NASL with at least four (4) photographs of game action during halftime and a further 6 to 8 images within 60 minutes of the end of a match of a minimum resolution of 800 x 600 pixels. Photos should feature players from both teams.

3. CREDENTIALS

3.1 Media Credentials: All Teams must print local media credentials that will be distributed to all designated media members that will be working within the grounds of the Home Team stadium. There may exist single game or season long credentials.

Photographers and/or videographers must be attached to a legitimate media organization to gain credentials. Bibs as an addition access should be provided for Still Photographers as well as different color bib for TV Broadcasters.

3.2 The Press Box area is a neutral zone; both home and visiting team management, personnel and media will refrain from bipartisan comments or cheering. Media must not wear team apparel in the press box and are reminded to remain neutral when in areas made accessible by their credential. Media must not consume alcohol while in possession of a media credential and may not request autographs. Violators may be asked to leave the Press Box area and/or have their credential privileges suspended and/or revoked.

4. CREDENTIALED MEDIA GAME DAY GUIDELINES

4.1: Locker rooms will open to media members following a cooling off period of at least 10 minutes following the game. There will be no pre-game or halftime locker room access for media. The respective team training and treatment areas and officials locker room are strictly off limits to all members of the media.

Team PR directors should be present to indicate the beginning and end of media access to locker rooms. All regulations regarding media access to the locker rooms should be clearly communicated to team staff and security to ensure a secure environment.

4.2 Stadium Access: Seated accredited media members will have access to the stadium, professional workrooms, stadium seating and post-match activities. During the match, accredited media will have access to the press box which will be restricted to only those accredited media members. In addition, all accredited media members should be given a seat in the press box if possible.

4.3 Traveling Media: The Home Team shall provide seating for traveling media members at each game in the press box and should keep in mind the needs of media members traveling from the Visiting Team's area. The PR Department of the Visiting Team should advise the Home Team 48 hours in advance if or how many members of traveling media plan to attend the match.

4.4 Media Access to Training Sessions: If a training session is declared a closed session, Teams must allow a minimum of 15 minutes after the session to media for interviews.

4.5 Home Team PR Staff Responsibilities: The PR staff members of the Home Team must be in attendance on game day in order to attend to working media members before, during and after the match in the press box. Please refer to the Media Operations Checklist

4.6 Press Box Requirements: At least one member of the Home Team's PR staff must be in the press box at all times, including halftime. In addition, a staff member must be present in the press box to watch all unattended equipment during postgame activities. It is suggested that the Home Team have members on hand to serve as runners that will distribute information from on-field crews, such as lineups or game status updates.

Other requirements:

- The Home Team's ticket office will have the match's attendance available to media members by the 80th minute, to be coordinated and communicated by the home PR Director.
- Radio capability for home and away broadcasters.
- Wired or wireless internet access for media members in press box.
- A computer with internet access, a fax machine and a scanner must be in the press box for submitting match reports and Referee reports.
- A printer or copier will be needed to distribute lineups and game notes to members of the media.

NASL MEDIA REGULATIONS (CONT.)

4.7 Statistics Crew (GSM Stats Frame): The home team must provide a stats keeper of at least one person and ensure they have adequate seating whether they will be in the press box or not. If the stats keepers are not seated in the press box, the home team must ensure media members have access to statistics. In addition, the home club will be responsible for ensuring the accuracy of these statistics and integrity of the statistics team. The NASL will pay each stats keeper directly but the direct supervision during game day falls to the home team Media/PR Director.

4.8 Match Reporting Procedures: A finalized Lineup Sheet shall be collected SIXTY (60) minutes before the start of the match by a member of the home team's PR staff. It is the responsibility of the director of the Home Team's media relations department to ensure the accuracy of the lineups and distribute them to the media in attendance as soon as possible. It is suggested that lineups are given to media in the format of the template that will be provided by the League Office. The Lineup Sheet inputted into the Global Sports Media Stats Online System and will be scanned and emailed to the League Office and visiting PR director by the Home Team's PR staff 45 to 60 minutes before the start of the match.

The finalized Match Report must be sent by the Home Team via email to NASL PR emails provided and to the Visiting Team at the end of the game.

Each home team is responsible for entering the statistics into the database of the GSM Stats System at the match's conclusion.

5. MEDIA POLICIES

5.1 Live Written Updates: Online or text reports (e.g., live blogs, twitter, etc.) concerning NASL games while they are in progress ("Live Written Updates") are subject to following:

- While a game is in progress, any forms of accounts of the game must be time delayed and/or limited in amount so that the game coverage provided cannot be used as a substitute for authorized play-by-play accounts.

- Any suggestion by an individual or entity that live updates are being provided as a substitute for authorized play-by play accounts is strictly prohibited.

- Live updates may not use any audio, video or graphic simulations of NASL Games.

- Live updates must provide other broadcast information for that NASL League game. For example: "Tonight's NASL match is being streamed live on (address of participating Teams website)."

- All live updates must be free of charge to readers.

Note: This policy does not prohibit the posting of the facts of a game (e.g., goals scored, cards given, game score, and time remaining).

5.2 Still Photography: Still photographers, with the proper bib, are permitted to shoot matches from behind the field sign boards in either end zone. If a Host and/or Visiting PR as a specific 'Team Photographer' then their access, with another color bib, can be also on the sideline opposite the benches between the end line and the 18-yard line. At any location of the stadium level as long it they do not obstruct the view of spectators, security, medical officials onsite and emergency exits. At no time are photographers allowed on the field of play.

6. POST-GAME INTERVIEWS

6.1 The home PR Director will ensure a suitable post game interview area on or near the field of play area is equipped with a team/sponsor backdrop to create a 'Coaches TV Area' where interviews may be conducted. Home and visiting PR staff are responsible for bringing their own coach and players to the Coaches TV Area after the conclusion of the game.

6.2 Players being interviewed should have played a significant role in the outcome of the game and will be selected at the PR director's discretion. Media may request a specific player. The team PR directors will dictate the length of the interview.

6.3 The NASL Commissioner and team owners may be made available for interviews to media at the discretion of the PR Directors of both teams and following consultation with the league PR department.

6.3 Game officials will not be available for interviews and the officials' locker room remains off limits to all media.

6.4 Questions regarding officiating must be directed to league PR staff who may not be on site and will need to be contacted by the home PR Director.

NEW NASL.COM WEBSITE

The North American Soccer League website NASL.com and each of the league's club websites were launched early in 2014 through a new and exciting digital platform in partnership with PERFORM, the world's leading digital sports content group.

As soccer in the United States reaches new levels of interest and intensity, partnering with PERFORM will help propel the new look www.NASL.com website, the NASL and its clubs to a wider audience throughout

the global soccer community.

PERFORM commercializes multimedia sports content across internet-enabled digital platforms, driving revenues through a mix of content distribution, advertising and sponsorship, the development and management of subscription platforms and technology and production. PERFORM owns one of the largest digital sports rights portfolios, including leading U.S. soccer site Goal.com, through contracts covering more than 200 sports and their associated leagues, tournaments and events.

"We are excited to enhance our digital presence through PERFORM and believe the league and club websites will become an essential destination for soccer fans around the world by becoming part of a larger online entity," said NASL Commissioner Bill Peterson. "We have an opportunity to become a market leader in content and style while also driving revenues through digital platforms for the NASL and our clubs."

Live streaming of NASL matches will now feature as part of a monthly subscription package that will include access to all games both live and archived on demand. Subscribers will also have access to additional premium video content, all for a nominal monthly fee of \$4.99.

As part of the match day experience throughout the NASL season (kicks off on April 12), fans are able to follow along at NASL Match Center where they can enjoy comprehensive live stats and interact through social media and buy tickets and merchandise, while watching the NASL live stream.

All the NASL sites will feature up to the minute NASL league and team news content and will include special features, premium video content, online team stores, photo galleries, player profiles, statistics, historical and informative content, ticket packages, fan and community interaction, and youth and academy news.

"We are investing in enhancing our live streaming of matches and are making them available as part of a monthly league-wide subscription package that we believe offers great value," added NASL Commissioner Peterson. "Sporting events around the world are increasingly being viewed via online platforms and this partnership with PERFORM will push the NASL to the forefront of how soccer fans access matches in the future."

"Our matches already create a fantastic live atmosphere when fans visit our stadiums to watch in person, and we feel that is an asset that can be captured online and can help the league and clubs build its global fan base."

Juan Delgado, Managing Director of PERFORM said: "In the US, soccer is continuing to gain in popularity. The audience is growing and like most sports fans today, they're demanding rich digital content and experiences. Our partnership with the NASL will bring the best of their content together with our deep digital expertise to provide fans with greater access to NASL's live games and digital content."

US SOCCER FEDERATION

Founded: 1913
FIFA Affiliated: 1914
CONCACAF Affiliated: 1961

As the governing body of soccer in all its forms in the United States, U.S. Soccer has played an integral part in charting the course for the sport in the USA for 100 years. In that time, the Federation's mission statement has been clear and simple: to make soccer, in all its forms, a preeminent sport in the United States and to continue the development of soccer at all recreational and competitive levels.

From a viewership standpoint, nearly 20 million Americans watched the Round of 16 match at the 2010 FIFA World Cup on television. Soccer-specific stadiums have opened their doors to resounding success. The National Training Center in Carson, Calif., in its 10th year of existence, has been a valuable facility for all levels, including the U.S. Soccer Development Academy, which kicked off at the state-of-the-art complex with much fanfare in 2007.

In 1989, the U.S. Men's National Team had not played in a World Cup in 40 years and the U.S. Women's program was in its early stages. U.S. Soccer was playing games in small stadiums that did not reach capacity, few matches were televised, soccer-specific stadiums were yet to be created and there were no high-level professional outdoor leagues. Since that time, the state of U.S. Soccer has evolved significantly.

Entering 2014, the U.S. MNT have qualified for seven consecutive FIFA World Cups and advanced to the quarterfinals at the 2002 event. U.S. Soccer is a world leader in women's soccer at every level, and the U.S. WNT has won two FIFA Women's World Cups and four Olympic Gold Medals – an accomplishment that no other country on the men's and women's side has reached in Olympic competition. The United States has also hosted three World Cups with the support of its members and strong organizational abilities.

From a coaching standpoint in the United States, more classes are continually being offered around the country, and the number of licensed, well-educated trainers and managers is larger than ever. The education level among coaches has been tailored to match the expanding pool of talent in the U.S.

U.S. Soccer continues to set positive trends for referees in CONCACAF, with reinvigorated focus on education and training, including the realm of professional referees. In 2012, the Professional Referee Organization (PRO) was created to manage the referee program in professional soccer leagues in the U.S. and Canada. The creation of PRO has been designed to increase the quality of officiating in U.S. and Canadian professional leagues, develop more professional quality officials at a younger age and develop officials who will represent the United States and Canada in FIFA competitions.

Participation in soccer continues at high levels among both youth and adults, with more than 4.3 million registered players among the 24 million participants in the sport, according to the FIFA Big Count.

For more information on all U.S. Soccer programs, visit the official organization website at ussoccer.com.

NASL IN THE LAMAR HUNT U.S. OPEN CUP

Since the league's re-launching, the NASL teams have taken part in the most recent two editions of the Lamar Hunt U.S. Open Cups.

Played annually since 1914, the U.S. Open Cup is the oldest cup competition in the country and is a single elimination tournament and is open to all affiliated amateur and professional teams in the United States.

The winner of the U.S. Open Cup qualifies as one of the four United States teams for the CONCACAF Champions League.

In only their second year the NASL teams have outscored their opposition 51 to 38 in 28 total games and for two consecutive tournaments, at least two NASL teams have reached the Fourth Round of the competition by eliminating MLS sides.

This past 2013 edition, the Carolina RailHawks, became the first league team to advance to the quarterfinals.

CANADIAN SOCCER ASSOCIATION

Founded: 1912
FIFA Affiliated: 1913
CONCACAF Affiliated: 1961

In Canada, the sport is governed by The Canadian Soccer Association (CSA), which was established in 1912. The CSA has 12 member associations (Canada's 10 provinces and two territories) and one associate member (Nunavut).

Soccer is the largest participation sport in Canada with 847,616 registered players and 20% of all Canadian youths participate. The CSA also has five National Training Centers – British Columbia, Prairies, Ontario, Quebec and Atlantic.

There are 18,697 referees registered with their respective Provinces who officiate regularly on games sanctioned by Province Soccer Association including 37 National List Officials operating in professional soccer and 11 FIFA List officials operation in the international level.

Following its first qualification to a FIFA World Cup in Mexico 1986, Canada has gone on to stage three FIFA tournaments: 1987 FIFA U-17 World Cup, 2002 FIFA U-20 Women's World Cup, 2007 FIFA U-20 World Cup. It will next host two more tournaments at the women's level - FIFA U-20 Women's World Cup in 2014 and FIFA Women's World Cup in 2015.

The CSA national teams have won nine confederation championships. Canada won the 1985 CONCACAF Men's Championship and the 2000 CONCACAF Gold Cup; Canada's women's team won the 1998 and 2010 CONCACAF women's championships. The men's youth team won the 1986 and 1996 CONCACAF Under-20 Championship while the women's youth team won the 2004 and 2008 CONCACAF Women's U-20 Championship along with the 2010 CONCACAF Women's U-17 Championship.

NASL IN THE AMWAY CANADIAN CHAMPIONSHIP

The Amway Canadian Championship is the competition held annually since 2008 to crown the Canadian club champion.

For the first time, two NASL sides will compete along with MLS squads in the 2014 tournament for the Canadian crown, which also doubles qualifier into the CONCACAF Champions League.

The 2014 event will commence with an NASL match-up as FC Edmonton takes on Ottawa Fury FC in a home-and-away preliminary round series with the winner advancing to take on the defending Canadian champion Montreal Impact of MLS in the semifinals.

The other semifinal has an MLS match-up when the four-time Canadian Championship winners Toronto FC faces the Vancouver Whitecaps FC.

SOCER BOWL HISTORY

Pre-Soccer Bowl

Following the creation of the North American Soccer League (NASL) in 1968, the league championship games were known as the NASL Final until 1974.

The Atlanta Chiefs, Dallas Tornado, Los Angeles Aztecs New York Cosmos, Philadelphia Atoms and Rochester Lancers were crowned champions after winning their respective NASL Finals which were composed of either a single game, home-and-away playoff or best of three series. The exception was in 1969 as no championship game took place and the Kansas City Spurs were crowned the league winners, having the most points in the regular season.

The NASL also recognized the two champions from 1967: NPSL - Oakland Clippers and USA - Los Angeles Wolves, prior to the league's formation.

Soccer Bowl

The origin of the NASL Soccer Bowl began the following year in 1975, when Commissioner Phil Woosnam, aimed for a neutral-site championship event similar to the NFL Super Bowl.

Unlike, the Super Bowl, the Soccer Bowl was not denoted by Roman numerals; instead the last digits of the year would be used to brand the competition for that year (example Soccer Bowl '75).

In 1984 the league changed the neutral-site format for a best-of-three series played at each team's home field. That year the event was promoted as the Soccer Bowl Series '84, though it was still generally acknowledged as the Soccer Bowl.

The Tampa Bay Rowdies were the first team to lift the Soccer Bowl trophy in 1975 when they defeated the Portland Timbers 2-0 at San Jose's Spartan Stadium.

Former Portuguese striker Eusébio led the Toronto Metros-Croatia to become the first Canadian side to win the NASL title in 1976. The following year former Brazilian forward and three-time World Cup winner, Pele concluded his playing career by leading the New York Cosmos to their first Soccer Bowl after posting a 2-1 win over the Seattle Sounders at Portland's Civic Stadium.

In 1978, a record crowd of 74,091 was on hand at Giants Stadium to witness the Cosmos top the Rowdies, 3-1, for the Soccer Bowl '78 crown.

Giants Stadium would once again stage Soccer Bowl as the Vancouver Whitecaps became the second Canadian team to win the NASL title after defeating the Rowdies, 2-1 in 1979.

The Cosmos regained the Soccer Bowl trophy the following year in 1980 after a 3-0 blanking of the Fort Lauderdale Strikers at Washington D.C.'s RFK Stadium.

After losing to 1981 title to the Chicago Sting at Toronto's Exhibition Stadium, the Cosmos captured their fourth Soccer Bowl and fifth overall NASL championship the next year with 1-0 shutout over the Seattle Sounders at San Diego Stadium.

Vancouver became the second Canadian city to stage the Soccer Bowl as the Tulsa Roughnecks topped the Toronto Blizzard 2-0 to claim the 1983 title at BC Place Stadium.

The following year, Soccer Bowl changed from a single match to a 'best of three' series where the Sting won their second league title by

defeating the Blizzard in the first two matches of the series, at Chicago's Comiskey Park and Toronto's Varsity Stadium, for the 1984 championship.

Recent Years

With the formation of the new NASL and the commencement of play in 2011, the NASL Championship Game saw the NSC Minnesota Stars (now Minnesota United FC) and Tampa Bay Rowdies triumph in 2011 and 2012, respectively, in games played over two legs. Minnesota overcame the Fort Lauderdale Strikers in 2011 and then lost to the Rowdies in a penalty shootout in 2012.

In 2013, the NASL Soccer Bowl returned to a single match format for the first time since 1983, and the league finale took place in front of a record crowd for the modern era (7,211) at Atlanta Silverbacks Park, where the Fall Season Champion, New York Cosmos captured their sixth overall title by defeating the Spring campaign winners Atlanta Silverbacks 1-0.

The NASL title is the third oldest professional soccer prize in the United States and will crown its 22nd champion in 2014.
