ABOUT THE NASL

The North American Soccer League (NASL) strives to compete at a world-class level in the global soccer economy having been established in the United States, Canada and Puerto Rico since 2011.

NASL clubs play a split season format from April through June and August through November, with the winners of each season earning the right to compete for the ultimate goal – the annual NASL Soccer Bowl championship.

Seven clubs concluded a thrilling 2013 Spring Season on the Fourth of July in the most dramatic fashion. An unprecedented three teams – Atlanta Silverbacks, Carolina RailHawks and San Antonio Scorpions – were all in

contention to top the spring season standings on the final day of action, underlining the fact that 'every match matters' in the NASL.

The Atlanta Silverbacks won the title by a single point and as the Spring Season winner also earned the right to host NASL Soccer Bowl 2013 on November 9.

The 2013 Fall Season kicked off on August 3, with the remaining Soccer Bowl berth on the line for the Carolina RailHawks, FC Edmonton, Fort Lauderdale Strikers, Minnesota United FC, New York Cosmos, San Antonio Scorpions and Tampa Bay Rowdies.

Among four games that weekend, the famous New York Cosmos returned to action in front of a sellout crowd

against the Fort Lauderdale Strikers, renewing a rivalry that dates back to the seventies and eighties when the original NASL established the modern era of professional soccer in the United States.

In 2014, Indy Eleven, Ottawa Fury FC, and Virginia Cavalry FC will join the NASL single table structure and will be joined in 2015 by expansion clubs in Jacksonville, Fla., and Oklahoma City, Okla. Further expansion is planned in future years towards a target of 18 clubs across the continent.

American NASL clubs enter the historic Lamar Hunt U.S. Open Cup, while NASL clubs from north of the border participate in the Amway Canadian Championship. In 2013 the Carolina RailHawks enjoyed a thrilling cup run to the quarterfinals of the U.S. Open Cup.

Approximately 200 soccer players are currently on NASL team rosters, and many have experience playing in Europe and Latin America's top divisions, as well as at the national team level, while others are navigating the early stages of their professional careers.

COMMISSIONER

Bill Peterson was named Commissioner of the North American Soccer League on November 27, 2012.

Under his tenure the NASL has mirrored the style of other professional soccer leagues around the world by retaining a single table structure in 2013 that will also feature for the 2014 season when teams will observe a month long break to avoid a conflict with the FIFA World Cup.

The NASL regular season features separate Spring and Fall seasons with the winner of each qualifying for NASL Soccer Bowl. The fact that all teams remained in contention for the spring title until 10 weeks of action and the Atlanta Silverbacks were not crowned champions until the final whistle blew on July 4 underlined Peterson's statement that 'every match matters' within the split-season format.

Impressive achievements on the field continued as NASL clubs progressed in the centennial edition of the Lamar Hunt U.S. Open Cup. The Carolina RailHawks defeated two Major League Soccer (MLS) teams, including the defending MLS Cup champion Los Angeles Galaxy on the way to reaching the quarterfinals. Also in the oldest Cup competition in the nation, the Tampa Bay Rowdies eliminated the three-time U.S. Open Cup champion, Seattle Sounders FC.

Peterson and the NASL confirmed expansion to Indianapolis in January and the city's Indy Eleven club will join Ottawa Fury FC and Virginia Cavalry FC for the 2014 season. During the break between 2013 Spring and Fall seasons, the NASL added Jacksonville, Fla. and Oklahoma City, Okla. as expansion markets for the 2015 season, making the NASL only the second-ever professional soccer league in the United States to boast as many active teams in its first five seasons.

On August 3, 2013, the NASL welcomed the iconic New York Cosmos back to the NASL family as the legendary Pele, now in the role of Honorary Chairman, led the team back onto the field after an absence of almost three decades.

BILL PETERSON
NASL Commissioner

Director of the Home Depot Center from 2000 to 2006, Peterson helped oversee the management of numerous MLS teams and the development of soccer-specific stadiums across the country.

Most recently Peterson provided advisory and event services to a variety of clients in Canada and the United States through his own firm Solve4. Peterson is the Chairman of the USA Cycling Board of Directors and a member of the USPRO Cycling Board of Trustees and served briefly as COO of the UFL.

He was the Executive Vice President of Centerplate, the North American market leader for managing food and beverage, retail, restaurant, and events in sports facilities, convention centers, and entertainment complexes. He spent six years working with a variety of teams, facilities and sporting events while Senior Vice President at AEG in Los Angeles. Peterson spent almost a decade working for the National Football League where he became the President of NFL Europe having been the General Manager of the league's Amsterdam Admirals.

COMPETITION FORMAT

RULES & REGULATIONS

Structure: The Season is comprised of the Spring Tournament and the Fall Tournament. The winner of each of the Spring Tournament and the Fall Tournament shall play in the NASL Soccer Bowl to determine the year's overall champion. The winner of each of Season (Spring & Fall) shall be those Teams that are ranked the highest in the NASL League Standings at the conclusion of each Tournament. The winner of the Spring Campaign also earns the right to host the NASL Soccer Bowl. The League Standings shall be reset at the conclusion of the Spring. In the event the same Team wins both Seasons (Spring & Fall) the Team that accumulated the most points over the course of the Spring and Fall shall qualify for the NASL Soccer Bowl.

Schedule: This past Spring, seven teams played a 12-game schedule, with each one playing each other in home-and-away matches. The Fall sees the entrances of the New York Cosmos as the eighth NASL side, and as such it will feature a 14 game schedule.

Point System: Teams receive three points for a win, one point for a tie and zero points for a loss.

Referees: All referees for NASL matches played in the United States are nationally certified referees assigned by the Professional Referee Organization (PRO), while the Canadian Soccer Association (CSA) assigns referees for all matches played in Canada.

Game Clock: The official game time for all NASL games will be managed on the field by the referee. If necessary, the

referee may also allot extra time (a.k.a. 'stoppage time; additional time') at the end of each period (first half, second half, and if applicable, first overtime period and second overtime period during playoff games). The stadium clock will display the time from 0:00 to 45:00 and from 45:00 to 90:00 (plus stoppage time where applicable in each half). For statistical purposes, the minutes for goals, substitutions, yellow cards, etc., will be listed from the first minute until the 90th minute. A goal scored at 15 minutes 10 seconds will be listed as having been scored in the 16th minute.

Team Rosters: During the Season, each Team's Master Roster shall be no less than 20 Players and no more than 35 total Players. Players can compete on a maximum of TWO (2) Teams per Season.

Active Roster and Inactive Roster: At no time may any Team name more than 30 eligible Players on its Active Roster. Only Players listed on an Active Roster are eligible to play in any League Game. Once a Player is listed on a Team's Inactive Roster, that Player must remain on the Inactive Roster for at least 30 days. In order for a Team to change a Player from the Active Roster to the Inactive Roster or vice versa, the Team must notify the Registrar, in writing, at least 48 hours prior to the League Game for which the Team intends for such change to take effect. The League Office will make the final determination on whether Players are on the Active Roster or Inactive Roster for any Game.

Domestic Players: A domestic Player for Teams domiciled in the United States and Puerto Rico is either a U.S. citizen, a permanent resident (green card holder) or the holder of other special status (e.g. refugee or asylum status). A domestic Player for Teams domiciled in Canada is either a Canadian citizen, a permanent resident, a holder of a landed immigrant or a Player who qualifies as a domestic player in the United States.

International Players: Each team may list up to 7 non-domestic players on its roster.

Game Day Rosters: Each team may nominate 18 players from its Active Roster for a game day roster. Teams are allowed three substitutions per game.

Cautions and Suspensions: A player will be suspended for one game upon receiving his fifth yellow card – regardless of the nature of the infraction which resulted in his being awarded the yellow card. After a player has accumulated five yellow cards, he will earn an additional one-game suspension for each additional three yellow cards he accumulates. A player receiving two yellow cards in the same game will be suspended for the next game; however for the purposes of accumulated yellow cards he will be considered to have received just one red card. A player receiving a direct red card will automatically be suspended for the next game, and the NASL Disciplinary Committee has the power to suspend him for additional games depending upon the severity of the offense which led to the red card issued by the referee.

Card Suspensions: Red card and yellow card accumulation suspensions earned in regular season games will be served in that player's next regular season game. Any suspension for yellow card accumulation earned in a player's last regular season game will carry over into that season's first playoff game for his team. Any player who receives a red card in his team's last game of the season (NASL regular season match or during playoff games), will serve the one-game suspension during their next game (whether it comes during a playoff game, championship series game, or in the first regular season game of the following season). All card suspensions will, if necessary, follow a player to a new team.

Suspension Manipulation: Players suspended from NASL games (regular season and playoff games) that are called in for national team duty will have their suspensions held in abeyance until they return to their NASL team. Teams will be responsible for informing the League Office of a player's selection to national team duty. Failure to provide the League Office with such notice or to withhold the use of a suspended player when appropriate is subject to sanctions.

RULES & REGULATIONS (CONTINUED)

League Standings:

The Team awarded the highest position in the League Standings will be the Team with the greatest number of Points at the conclusion of the relevant Season. In the event that two or more Teams have an equal number of points, the following system will be used to determine rank in the League Standings:

- 1) The highest position shall be awarded to the team with the greater goal difference against all other teams during the regular season (goal differential).
- 2) The highest position shall be awarded to the team scoring the greatest number of total goals against all other teams during the regular season (total goals).
- 3) The highest position shall be awarded to the team with the best win/tie/loss record in regular season games against all other teams equal in points (head-to-head competition).
- 4) The procedures described in this section shall be applied only to games played on the road by each team against all other teams during the regular season. With the first tiebreaker being 'Away goal difference' and to be followed by 'Away goals scored'

Soccer Bowl: The League's Overall Champion shall be the winner of the NASL Soccer Bowl. The NASL Soccer Bowl shall be hosted by the Team that wins the Spring Season.

LEAGUE BALL & SILVERWARE

NASL OFFICIAL MATCH BALL

July 4, 2011, marked the launch of the NASL Official Match Ball manufactured by Joma. The custom ball incorporates the stars of the original iconic NASL ball, which represents the evolution of the branding of the NASL from 1968 through 2011. In 2010 and 2011, Joma was ranked as the leading sportswear company in Spain, and is the official outfitter for several leading clubs and national teams worldwide.

THE SOCCER BOWL

The *Soccer Bowl*, named to honor the heritage of the earlier NASL, is awarded each year to the League Champions, decided by the NASL Soccer Bowl game at the conclusion of Fall Championship Season. The *Soccer Bowl* trophy was crafted in England and designed by 343RLP+ Creative. Each year the NASL Champions have their team name engraved on the *Soccer Bowl* trophy.

SPRING AND FALL CHAMPIONSHIP TROPHIES

Awarded to the winners of the Spring and Fall Championships, the trophies were custom made in England and designed by 343RLP+ Creative, the same team behind the Soccer Bowl trophy and the NASL league branding.

2013 FALL OUTLOOK

As the 2013 Fall Season kickoff, the NASL first takes a look back at the spring campaign, which can be summarized by the words of Commissioner Bill Peterson who underlined in the first half of the campaign that "every match matters."

His statement was underlined during the spring as the seven-team competition did not see its first elimination from the race to host NASL Soccer Bowl 2013 until Week 10 and the spring title was not decided until final whistle of the last match on July 4.

On that concluding day of Week 14, the Atlanta Silverbacks celebrated the Independence Day by capturing the NASL Spring Title and therefore earning right to host the NASL Soccer Bowl 2013 on November 9, against the upcoming top team finisher of the Fall Season.

The three-way race for the Spring crown featured the Silverbacks, Carolina RailHawks and San Antonio Scorpions going down to the wire on the last day of the season.

The Silverbacks posted a 3-0 victory over host Minnesota United FC, however Atlanta needed to wait until the conclusion of the San Antonio-Carolina encounter (won by the Scorpions 2-0) to lift the spring trophy.

Atlanta closed out its storybook season that had them finishing last in 2012 to first this year, however the Silverbacks coach, Brian Haynes believes the journey is not over and there is more to accomplish going into the Fall Season.

"I'm not in the least bit satisfied right now," said Haynes. "Yes, we won the first half, but as far as I'm concerned, we could have done much better. We look forward to improving on the things we didn't do well last season."

Unfinished business can be applied to the NASL Golden Boot race, for the league's top scorer, as Scorpions Hans Denissen and Brian Shriver of RailHawks both have eight goals at the end of the Spring and will face-off during the Fall.

Dutchman Denissen scored six goals, including the last two against the RailHawks on July 4, during the Scorpion's five-game winning streak to close out the Spring in a strong third-place at the NASL standings.

"Hans is scoring goals from a lot of different places," said Scorpions coach Tim Hankinson. "He's using all of his weapons right now, so we hope to see that continue in the Fall Season."

Meanwhile, Shriver has been instrumental for the RailHawks in the Spring leading them

to a near perfect record at home at WakeMed Soccer Park (5 wins, 1 draw, 0 losses) where he scored seven goals, including two in the come-from-behind victory against Minnesota United.

"He's a goal scorer and he's talented at putting the ball in the back of the net," RailHawks coach Colin Clarke commented about Shriver.

However, there are players eager to capture the Golden Boot that trail Denissen and Shriver by three goals such as Georgi Hristov of the Tampa Bay Rowdies and Minnesota United FC's Simone Bracalelo.

Hristov has led the Rowdies to the best road ledger in the league winning four, drawing one and losing one, but Ricky Hill's squad wants to improve on their record at home where they only won once during the Spring.

"At times we didn't capitalize on our home-field advantage for whatever reason," Hill explained. "Away from home, our record would support that we were as good as anyone, if not better than most. I was delighted with the overall level of play, but we need to get rid of the individual errors."

Also wanting to continue strong going into the Fall campaign is Colin Miller's FC Edmonton which ended as the best defensive team during in the Spring Season posting a league-best 1.00 GAA.

Meanwhile, despite a disappointing end to the first half of the year, the Fort Lauderdale Strikers have revamped their squad which includes a new coach Günter Kronsteiner of Austria just in time for the return an old NASL rival to open the Fall season, New York Cosmos.

After an absent of almost three decades, the Cosmos are back in the NASL and are looking forward to renew old rivalries and starting up new ones in the 2013 Fall Campaign.

"We are very excited to get this new venture going," said Cosmos coach Giovanni Savarese. "The Cosmos have such a special history and it's wonderful to be a part of their re-birth."

With eight teams competing in 2013 to be followed the editions of Indy Eleven, Ottawa Fury FC, Virginia Cavalry FC in 2014, along with Jacksonville and Oklahoma City in 2015, the revamped NASL will be only the second-ever professional league in the history of United States Soccer to have as many active teams in only its fifth season.

The Atlanta Silverbacks closed out their storybook season and celebrated the nation's Independence Day by capturing the NASL Spring Title after posting a 3-0 win over host Minnesota United FC during the last day of Week 14.

Following the result, Atlanta needed to wait until the conclusion of the San Antonio-Carolina encounter (won by the Scorpions 2-0) in order to lift the trophy and therefore earned the right to host the NASL Soccer Bowl 2013 this coming November, against the top finisher of the Fall Season to crown the overall league champion.

Silverbacks coach, Brian Haynes plans on blazing a trail through the NASL to underline that his side is the team to beat in 2013.

"Other teams might think that we're just going to take it easy because we've already booked our place in the final, but they'll be in for a bit of a rude awakening if they do that," warned Haynes. "Yes, we won the first half, but as far as I'm concerned, we could have done much better. We look forward to improving on the things we didn't do well last season."

The only team to go unbeaten at home last season, the Carolina RailHawks missed out on the chance to wrap up the Spring Championship in the final two weeks and now will be looking for redemption going into the Fall campaign.

Coach Colin Clarke used this past mid-season break to re-charge Carolina's batteries which also had them playing a couple of international friendlies early on as well as an historic quarterfinal run at the 2013 Lamar Hunt U.S. Open Cup.

RailHawks become the first NASL side to reach the U.S. Open Cup 'Final Eight', while eliminating two consecutive MLS teams on the way – Defending MLS Cup Champion Los Angele Galaxy and CD Chivas USA.

"It's been a good break," said Clarke. "We have been able to get some players healthy, but the team is ready to get back on the field and playing again."

The RailHawks boast for the Spring will be forward Brian Shriver, who jointly leads the race for the NASL Golden Boot top scorer award with eight goals going into the Fall Season.

As the best defensive team during the past Spring posting a 1.00 GAA (Goals Against Average), FC Edmonton wants to continue strong going into the Fall campaign and improve their fifth place finish from last season.

Coach Colin Miller, who was busy during the summer guiding Canada as the interim coach at the CONCACAF Gold Cup, aims for the Eddies to become the first Canadian side to reach the Soccer Bowl since the NASL's re-launch in 2011.

In order for FC Edmonton to inspire being a contender for the Fall crown it must improve by turning its draws into victories as they were held in five of 12 games last Spring.

Miller commented: "It was a good break, and the lads took care of themselves over their few days off. They have worked hard in training to make sure we're prepared for the start of the fall season. We hope we can spur on our offense and build off our consistent defensive play."

Despite a disappointing end to the first half of the year with a seventh place finish, the Fort Lauderdale Strikers have revamped their squad for the Fall campaign which includes the addition of new coach Günter Kronsteiner of Austria.

"I believe it's going to be very difficult for both of us," said Kronsteiner. "I wish I had more time to prepare for the first game, but we're going to go out and give one hundred percent and see what comes from this. It won't be easy, but I'm looking forward to it."

Along with coach and several new players, the Fall 2013 Strikers look forward the upcoming challenge in an effort to reach the Soccer Bowl for the first time since 2011.

Fort Lauderdale also welcomes the chance to immediately rekindle classic encounters as it renews a legendary rivalry against the returning New York Cosmos.

Minnesota United FC looks to become the first club to progress to three consecutive Soccer Bowls, since the re-launching of the NASL in 2011, however to reach the Fall Classic it will need to better its record from this past Spring which had them finishing sixth in the league standings.

After being in contention for most of the 2013 Spring Season, the 2011 NASL champions lost its last three games to miss out on hosting the Soccer Bowl this coming November.

"We're looking forward to getting back on the field and competing again to wash the bad taste out our mouth that we didn't finish where we'd like," said United coach Manny Lagos. "We're excited to compete and try to win a Soccer Bowl."

For Minnesota's chance to once again claim the league title it will need to rely on its experience strikers of Etienne Barbara and Pablo Campos, whom both captured the NASL Golden Ball and Golden Boot in 2011 and 2012, respectively.

The 2013 Fall Season marks the historic return of the legendary New York Cosmos to the NASL for the first time in almost 30 years.

Originally founded in 1971, the Cosmos competed in the old NASL until 1984 winning five Soccer Bowl trophies, while bringing some of the biggest names in world soccer history to North America, including Pelé, Carlos Alberto, Franz Beckenbauer and Giorgio Chinaglia.

Giovanni Savarese will be at the helm of the Cosmos who are looking forward to renewing old rivalries and starting up new ones this coming season.

"All of us – the coaching staff, the players, the front office – we are very excited to get this new venture going," said Savarese. "The Cosmos have such a special history and it's wonderful to be a part of their re-birth."

New York prepared for the upcoming NASL campaign with four matches posting a 2-1-1 record, which included a three-game English tour against local clubs.

COSMOS STADIUM

In response to a “request for proposals” issued by the Empire State Development Corporation, the New York Cosmos have submitted a privately-funded economic development proposal to the State of New York to build a world class 25,000-seat professional soccer stadium.

This project called “Elmont Town Crossings,” will transform two sections of Belmont Park into a vibrant entertainment complex, with a “Restaurant Row” of nine new eateries, nearly 250,000 square feet of retail space, a 175-room hotel and the development of a brand new 4.3 acre public park for the residential community.

On the southern portion, the Cosmos propose to build a 25,000-seat world class soccer stadium, a youth soccer field, and a 4.3 acre park for the community of Elmont.

A pedestrian overpass over Hempstead Turnpike would connect the southern portion to retail shops, restaurants and a hotel to the north. The northern portion of the project will include nine restaurants and nearly 250,000 square feet of shopping.

It is anticipated that the stadium will host event days 30-50 a year, in addition to

existing park race days, but will not hold events that conflict with major horse racing events such as the Belmont Stakes.

The stadium will also have a downward slope from west to east, so its profile will be no higher than 30 feet along the residential perimeter.

Ample parking will be available to accommodate both the stadium and NYRA events. There will be both ground level and underground parking. Additionally, Belmont is accessible by LIRR and bus service.

Once open, it is hoped the stadium will also host such events as World Cup and Olympic qualifying matches for the U.S. Men’s and Women’s national team, exhibitions between world class foreign teams, the U.S. Open Cup and NCAA games.

If approved, the Cosmos will spend the majority of this year working with state and local officials and the community to finalize plans and begin preparations for construction.

Should a final agreement be reached, we expect shovels to break ground in 2014 and hope to have the stadium completed by the end of 2015.

After losing four of their first seven games to open the season, the San Antonio Scorpions turned it around at the end winning their last five matches to finish third in the NASL standings and within a point of the Spring Title.

San Antonio's last season run was sparked by Dutch forward Hans Denissen, who scored eight goals to also be in contention for the end of year's top goal scorers accolades (NASL Golden Boot).

"We got off to a slow start in the Spring," said Scorpions coach Tim Hankinson. "We fell short in the spring by one point, so its motivating to know that were we're one point away from a championship"

With some unfinished business, San Antonio prepared for the Fall Campaign by hosting a pair of international friendlies against Mexican clubs in July that averaged 6,783 spectators. This included a record crowd of 8,255 fans that attended the showcase match for San Antonio's soccer community on July 6, at Toyota Field.

In order to repeat as NASL champions, the 2012 Soccer Bowl winners, Tampa Bay Rowdies, will need to better their fourth place finish this past Spring by claiming the Fall title.

The Rowdies had the best road ledger (4-1-1), but Coach Ricky Hill wants to improve the team's record at home where they only won once during the Spring.

"At times we didn't capitalize on our home-field advantage for whatever reason," Hill explained. "Away from home, our record would support that we were as good as anyone, if not better than most."

"Our expectation is to always go out and win every game, and that's just the way we're built"

Leading the Tampa Bay offense will be Bulgarian forward Georgi Hristov, who is also eager to capture the NASL Golden Boot, as he scored a team-high five goals last season.

Hristov also scored all of the Rowdies goals during the 2013 Lamar Hunt U.S. Open Cup leading them to the tournament's fourth round, while eliminating the three-time champion Seattle Sounders FC of MLS.

OTTAWA FURY FC

On June 20, 2011, the NASL announced that Canada would be awarded a second expansion team, as Ottawa, would take the field in 2014.

Current Ottawa Fury Owner and CEO and Ottawa Sports and Entertainment Group Partner John Pugh, was named President and the building of Ottawa new professional soccer team began. Only 18 months later (February 26, 2013) and following a name selection campaign that received over 4,000 submissions, the John Pugh announced that the official name of the club, Ottawa Fury FC.

With a name in place, Ottawa Fury FC would begin to build its brand; its season ticket base and most importantly its staff. On May 23, 2013, Pugh named Marc

Dos Santos as the first head in franchise history. Born in Montreal, Dos Santos is best known for leading the Montreal Impact to the USL title in his first year at the helm.

With a head coach in place and the Fury FC brand well on its way to establishing itself, the next several months will be filled with both hard work and excitement as the club prepared to take to the field next year at the revitalized Lansdowne Park.

VIRGINIA CAVALRY FC

On November 5, 2012, the NASL unveiled its newest expansion team in Virginia, to make its league debut in 2014. Only three months later, the VIP Sports & Entertainment ownership group established the new name of the club as Virginia Cavalry FC.

"Virginia Cavalry FC is tremendous name for Virginia's first high-level professional soccer club," said Bob Farren President and CEO of VIP Sports & Entertainment. "Not only does it connect with our area's long military history and its well-known tradition as horse country, it also signifies our club will work together as a single unit for a common goal. Boldly carrying the name 'Cavalry' as our fans roar encouragement, our players will feel the impulse to saddle up and charge forward

in the relentless pursuit of victory."

Following its name unveiling, Virginia Cavalry broke ground on the new stadium on June 4, 2013, as Loudoun Hounds baseball club's forthcoming stadium at One Loudoun is was officially dubbed Edelman Financial Field.

Farren added: "With the commencement of the stadium's construction, introducing Edelman Financial Field as the home of the Loudoun Hounds and Virginia Cavalry FC is an amazing validation of Loudoun County, the Hounds and Cavalry FC."

The Cavalry FC becomes the first team from the DC/VA metro area to play in the NASL since the Washington Diplomats.

INDY ELEVEN

Indy Eleven was launched on January 16, 2013 by Keystone Group CEO Ersal Ozdemir to become the third team to compete in the NASL in 2014.

Originally born under the Indy Pro Soccer moniker, the club officially adopted its Indy Eleven identity on April 25, 2013 during a ceremony held at the iconic Soldiers and Sailors monument 152 years to the day of the initial enlistment of the 11th Indiana Regiment during the Civil War.

Indy Eleven's vision is to create a team that is representative of Indiana and creates strong emotional connections with its fans. Those connections – embodied in the team's symbolic name, crest and colors – will be made with Indiana's youth and adult soccer community and the active young adult urban and ethnic populations.

The makeup of the team will reflect the community, so that it can live up to its slogan of "The World's Game, Indiana's Team."

This was followed by the appointment of the club's first coach and former U.S. national team goalkeeper Juergen Sommer on June 11, 2013.

Sommer, who was also the first U.S. goalkeeper to play in the English Premier League, attended high school at Culver Academy in northern Indiana and won a college national championship at Indiana University where he was named Soccer America's Goalkeeper of the Year as a senior in 1990.

JACKSONVILLE & OKLAHOMA CITY

Soccer fans in Jacksonville, Fla., and Oklahoma City, Okla., will have a North American Soccer League team to cheer for when the 2015 Spring Season kicks off after the NASL Board of Governors unanimously approved expansion bids for both cities following the league's meetings in Dallas, Tex. on July 25, 2013.

We are delighted to be expanding to two cities that clearly have a passion for soccer, where we believe local fans will be excited to welcome our newest teams," said NASL Commissioner Bill Peterson. "We have considered expansion to cities that meet specific criteria and most importantly have strong ownership groups that will provide a long and stable future for the NASL in those markets, which we clearly have in both Jacksonville and Oklahoma City."

Mark Frisch and former professional soccer player Dario Sala of the Sunshine Soccer Group led the successful Jacksonville bid.

I am thrilled to have helped lead an effort to bring pro soccer back to Jacksonville," said Frisch. "I am very grateful for all the support from the city and the fans leading up to this day. I know the fans out there have been waiting for this moment for a long time. I cannot wait to go out and meet them all personally and talk the beautiful game of soccer in Jacksonville."

Commissioner Peterson added: "I have seen first hand the desire the Jacksonville community has for a professional soccer team to call its own and believe this is a great move for soccer in Florida. The Sunshine Soccer Group is creating another in-state

rivalry for our teams the Tampa Bay Rowdies and Fort Lauderdale Strikers, appealing to the global soccer passion for local derbies that are always special occasions."

Oklahoma City businessman Tim McLaughlin presented to the NASL Board of Governors on behalf of OKC Pro Soccer LLC, which has already secured the rights to plays its games at Taft Stadium in Oklahoma City.

"Bringing a high-level professional soccer club to Oklahoma City is going to add an exciting new sports dimension to our city and state," said McLaughlin. "We look forward to working with the NASL to give our community a soccer team and game experience people will be talking about for many years to come.

"We're especially excited to know that bringing this level of professional soccer to our market will also help the local schools whose historic Taft Stadium we will play in when it is remodeled and refurbished to its former glory. We will create a revenue source for the local community because every ticket we sell will benefit inner city schools. To say we are excited and overwhelmed is an understatement."

Commissioner Peterson added: "The Board of Governors has recognized a carefully crafted bid from OKC Pro Soccer LLC, who waited patiently to build a strong platform that will ensure NASL soccer thrives in Oklahoma City. Like their Jacksonville counterparts, they have almost two full years to prepare an unrivaled coaching staff, player roster and venue to create a team that local fans will be proud to support."

NASL IN THE LAMAR HUNT U.S. OPEN CUP

Since the league's re-launching, the NASL teams have taken part in the most recent two editions of the Lamar Hunt U.S. Open Cups.

Played annually since 1914, the U.S. Open Cup is the oldest cup competition in the country and is a single elimination tournament and is open to all affiliated amateur and professional teams in the United States.

In only their second year the NASL teams have outscored their opposition 51 to 38 in 28 total games and for two consecutive tournaments, at least two NASL teams have reached the Fourth Round of the competition by eliminating MLS sides.

This past 2013 edition, the Carolina RailHawks, became the first league team advanced to the quarterfinals.

NASL SOCCER BOWL HISTORY

Pre-Soccer Bowl

Following creation of the North American Soccer League (NASL) in 1968, the league championship games were known as the NASL Final until 1974.

The Atlanta Chiefs, Dallas Tornado, Los Angeles Aztecs New York Cosmos, Philadelphia Atoms and Rochester Lancers were crowned champions after winning their respective NASL Finals which were composed of either a single game, home-and-away playoff or best of three series. The exception was in 1969 as no championship game took place and the Kansas City Spurs were crowned the league winners, having the most points in the regular season.

The NASL also recognized the two champions from 1967: NPSL - Oakland Clippers and USA - Los Angeles Wolves, prior to the league's formation.

Soccer Bowl

The origin of the NASL Soccer Bowl began the following year in 1975 by Commissioner Phil Woosnam, who aimed for a neutral-site championship event similar to the NFL's Super Bowl.

Unlike, the Super Bowl, the Soccer Bowl was not denoted by Roman numerals; instead the last digits of the year would be used to brand the competition for that year (example Soccer Bowl '75).

In 1984 the league changed the neutral-site format for a best-of-three series played at each team's home field. That year the event was promoted as the Soccer Bowl Series '84,

though it was still generally acknowledged as the Soccer Bowl.

The Tampa Bay Rowdies were the first team to lift the Soccer Bowl trophy in 1975 when they defeated the Portland Timbers 2-0 at San Jose's Spartan Stadium.

Former Portuguese striker Eusébio led the Toronto Metros-Croatia to become the first Canadian side to win the NASL title in 1976. The following year former Brazilian forward and three-time World Cup winner, Pele concluded his playing career by leading the New York Cosmos to their first Soccer Bowl after posting a 2-1 win over the Seattle Sounders at Portland's Civic Stadium.

In 1978, a record crowd of 74,091 was on hand at Giants Stadium to witness the Cosmos top the Rowdies, 3-1, for the Soccer Bowl '78 crown.

Giants Stadium would once again stage Soccer Bowl as the Vancouver Whitecaps became the second Canadian team to win the NASL title after defeating the Rowdies, 2-1 in 1979.

The Cosmos regained the Soccer Bowl trophy the following year in 1980 after a 3-0 blanking of the Fort Lauderdale Strikers at Washington D.C.'s RFK Stadium.

After losing to 1981 title to the Chicago Sting at Toronto's Exhibition Stadium, the Cosmos captured their fourth Soccer Bowl and fifth overall NASL championship the next year with 1-0 shutout over the Seattle Sounders at San Diego Stadium.

Vancouver became the second Canadian city to stage the Soccer Bowl as the Tulsa Roughnecks topped the Toronto Blizzard 2-0 to

claim the 1983 title at BC Place Stadium. The following year Soccer Bowl changed from a single match to a 'best of three' series where the Sting won their second league title by defeating the Blizzard in the first two matches of the series, at Chicago's Comiskey Park and Toronto's Varsity Stadium, for the 1984 championship.

Recent Years

With the revamp formation of new NASL and their commencement of play in 2011, the NASL Championship Game saw the Minnesota Stars (now Minnesota United FC) and Tampa Bay Rowdies triumph in 2011 and 2011, respectively

in games played over two legs. Minnesota overcame the Fort Lauderdale Strikers in 2011 and then lost to the Rowdies in a penalty shootout in 2012.

NASL Soccer Bowl 2013 will take place at Atlanta Silverbacks Park on November 9, with this year's Spring Champion the Atlanta Silverbacks taking on the Fall Season winner as the NASL rewards the winner of each split season with a place in the championship game.

Next to the Lamar Hunt U.S. Open Cup and the second edition of the American Soccer League (1933-1983), the NASL title is the third oldest soccer prize in the United States and will crown its 21st champion in 2013.
